

## Biodata for Dr. István Kalmár

### Implantologist & Dentoalveolar Surgeon

Dr. Kalmár graduated from the Faculty of Dentistry of the Semmelweis Medical University of Budapest.

He passed his Professional Examination in Dentistry in 1995 and he has been actively in Practice as well as undertaking many dentistry courses since graduation.

After his graduation he worked in Budapest,

- 1 year in Divisional Child Dental Care
- 1 year in Divisional Adult Dental Care.

He received his Qualification of Dentistry in 1998. In 1999 he turned to private practice in Zalasabbar and Nagykanizsa. He worked for 5 years in the Dental Surgery department of Zala County Hospital, where he received the Dentoalveolar Surgical Qualification.

He had spent 1 year in Münster, Germany (IMC/MIB) and he received his Master Implantologist Diploma there in 2006.

He has also attended a course on Mini Implants in Mainz, a Camlog Implantology Congress and a Straumann Implantology Master's Course in 2007. He always attends the yearly session of the Hungarian Association of Oral and Maxillofacial Surgeons. He is a master of 3 of the most state-of-the-art technology implant systems – Straumann, Camlog and Pitt Easy.

Over 1500 implants have now been successfully placed by Dr. Kalmár since he started providing implant treatments in 2001.

He is a very friendly, precise person who loves working with and helping for people. He speaks English and German.
